## ATTACHMENT TO HERPETOFAUNA EXPORT APPLICATION

As per Section 14 of the *Wildlife Conservation (Reptiles and Amphibians) Regulations 2002* fees apply to the import and export of pet herpetofauna in Western Australia.

A licensee authorised to export pet herpetofauna must, when lodging a report under regulation 12(1)(b) of the *Wildlife Conservation (Reptiles and Amphibians) Regulations 2002*, pay a **fee of \$150 plus \$10** for each animal in excess of **five (5)** exported under the licence.

Following the departure of the herpetofauna from Western Australia, the licensed exporter must 'lodge a report' together with the prescribed fee payment to the Department of Parks and Wildlife, Wildlife Licensing Section. This must be done as soon as possible after the animals have arrived at their destination as detailed on the export licence.

'Report lodgement' should detail exactly how many of each species left Western Australia, their date of departure and confirmation of arrival to recipient. The fee payment as above must accompany this report.

The \$30.00 per consignment fee on the export application page (to be paid at the time of application for an export licence) is separate to the fee on this page
