Please note the following:

A branding instrument depicting a registered Symbol brand must, if intended to be used for applying fire brands or freeze brands to large stock, be constructed in accordance with the following specifications:

[a] where a symbol brand comprises a letter or letters, conjoined letters, numerals, or any combination of these, the characters of the-symbol shall not be less than 35 millimetres or more than 75 millimetres in height, measured in the normal posture and each letter, conjoined letter, or numeral shall be not less than 10 millimetres apart from one another;

[b] where a symbol brand, wholly or in part, consists of a sign or character, such sign or character shall be not less than 35 millimetres in its greater width or length, and shall be not less than 10 millimetres apart from any letter, numeral, sign or character;

[c] a branding instrument depicting a registered symbol brand design must, if intended to be used to apply an ear tattoo to large stock, be constructed so that the height of the characters of each of the characters is not less than 15 millimetres;

[d] if it is intended to use the registered symbol brand design as an ear tattoo, then, whether the animal is male or female, the part of the animal to which the design may be applied is the left ear.
