Applications that are incomplete or do not have the required supporting documentation will not be considered by the Board. The Board will assess the applicant's suitability and general competence to practise requirements.

Applicants may request their application be considered out-of-session. Applicants should allow up to 10 working days for the Board to consider out-of-session applications. An additional fee applies for this service.

In considering applications the Board is bound by the following legislation:

Conditional Registration

After considering an application for registration, the Board may register the applicant unconditionally or with conditions. The Board may impose conditions on a registrant if satisfied on reasonable grounds that it is in the public interest to do so, or if the applicant's registration is subject to conditions in another jurisdiction. If the Board registers an applicant with conditions, these will be notified to the applicant in writing.

Refusal of Registration

The Board may refuse to register an applicant as a veterinary surgeon/specialist if the individual's registration has been suspended or cancelled in another jurisdiction, whether before or after the person applies for registration in the ACT.
