## **Guidelines for Individual Aviation Reference Number (ARN) Application**

### **Who should use this form?**

Any individual who needs to apply for an Aviation Reference Number (ARN).

If you have been issued with an ARN previously and do not remember your number please contact CASA Licencing and Registration Centre (CLARC) on 1300 737 032 to obtain details.

### **Identification**

A copy of one piece of identification **must** be supplied with this application. Acceptable forms of identification are birth certificates (full or extract), passport identification pages (may be expired within the last 12 months) or Australian Citizenship Certificates. A drivers' licence is not an acceptable form of identification.

The identification supplied must be in English, be clear and legible. It is not necessary to supply certified copies of identification. Identification is required to avoid the creation of duplicate ARNs and to ensure that the correct, full, legal name, date of birth and nationality are recorded.

Where information recorded on this application differs from the proof of identity documentation the ARN created will reflect the details off the proof of identity documentation provided.

If you are unable to provided one of the acceptable forms of identification please contact CLARC on 1 300 737 032 or [clarc@casa.gov.au](mailto:clarc@casa.gov.au).

### **Previous names or future name changes**

If there is insufficient space in the previous name field, please attach a covering note with the additional information.

If you change your name at any stage in the future, including name change due to marriage, deed poll or divorce, you must inform CASA and supply a copy of the legal name change documentation. You may also be required to provide a statutory declaration and pay any fees associated with the reissue of documents such as medical certificates, flight crew licences, ASICs, AVIDs etc.

### **Future changes to contact details**

Should you change your address, phone numbers, email address etc. in the future, you will need to notify CASA as soon as possible so that the details recorded against your ARN can be updated. The easiest and quickest way to do this is through the [CASA Self Service](#) facility.
