Club Armourer Licence Application

P 643

What is a club armourer?

A club armourer is defined in Section 4(1) of the *Firearms Act 1996* (the Act) a person who:

- * Is a member of a shooting club approved by the Commissioner of Police, AND
- * Is considered by the Commissioner of Police to be the club armourer for that club.

What does a club armourer licence authorise?

A Club armourer licence is a firearms dealer licence that authorises the licence holder to possess, manufacture, convert, acquire, supply, repair, maintain or test firearms in the licence holder's capacity as a club armourer, ONLY:

- * For the category of firearms specified on the licence,
- * At the premises specified on the licence,
- * For the club nominated on the licence.

The club armourer is also authorised to possess, manufacture, acquire or supply ammunition for the categories of firearms specified on the licence.

The licence issued to a club armourer does not authorise the 'carrying on of a business' or commercial dealings.

Where this licence is issued to a Club and the Club wishes to nominate a new person as the armourer, the club secretary may do this on club letterhead and include a duplicate licence fee. However, where this licence is issued to an individual, the licence cannot be transferred and any change in club armourer would necessitate a new application being made by the applicant.

A club armourer licence DOES NOT AUTHORISE the use of club armourer's stock by club members eg hire or loan arrangements. A separate club firearms licence is issued for this purpose.

What categories of licence can I have for this Genuine Reason?

You are restricted to making application for the same category of licence for which the club has been approved.

What are some of the requirements of this licence?

- * The club armourer licence is only valid whilst the Club Approval is valid.
- * In the event of the cancellation of the Club Approval, the club armourer licence will be revoked or cancelled.
- * All firearms on display must remain under the direct supervision and immediate control of the club armourer. All firearms must be secured in a manner to prevent their removal by unauthorised persons.
- * Ammunition must be stored in a restricted area not easily accessible to the public.
- * A register of transactions recording all purchase and sale of firearms and ammunition must be kept as prescribed by sections 45 and 45A of the Act. See the FACT Sheet '*Firearms Dealer Legislative Requirements - Registers and Reporting*' which applies to a club armourer in the same way as a firearms dealer.
- * From 8 April 2013, ammunition sold to club members for use in their own firearms is also subject to the requirements of section 65A of the Act. However an exemption exists to the sighting and recording requirements for club members and visiting club members where the ammunition sold to competitors is for use in a shooting match held on the day of sale, at the club premises and no ammunition is removed from club premises.

What safe storage level applies to an Armourer Licence?

Generally, the same safe storage requirements that apply to a firearms dealer would apply to a licence issued to a club armourer. However, consideration may be given to submissions in support of requesting alternate levels of safe storage. Contact the Firearms Registry prior to obtaining your inspection certificate if you wish to discuss the safe storage level applicable to your application.

A Police inspection fee of \$100.00 applies payable to Police at the time of inspection.

Firearms Safety Training

If you have never held a licence in NSW before you are required to complete a firearms safety training course for either long arms or pistols. If you have previously held or currently hold a firearms licence, either in NSW or Interstate for the same category of licence for which you are now applying, you may not need to complete the course again.

Pistols: You must complete the safety training for pistols run by your club. The club will issue you with a PAB26 certificate on successful completion of the course.

Long Arms: You must complete an approved firearms safety training course.: For training providers contact:

- * The Firearms Safety Training Council 02 94863077,
- * Sporting Shooters Association Australia 1300746683,
- * Department of Primary Industries, Game Licensing Unit - Phone: 02 63913750,
- * Your nearest firearms club or the NSW Firearms Registry.

The certificate given to you when you successfully complete the safety training course must accompany your firearms licence application.

How do I apply for a Club Armourer Licence?

You must complete the P643 'Application for a Club Armourer Licence' form and where applicable provide any supporting documentation. This form is interactive and will allow you to enter your information and print and sign the form. Please see the reverse of this FACT Sheet for instructions on how to complete the P643 form.
