

Extract of the Cemeteries and Crematoria Register

The NSW Cemeteries and Crematoria Register is maintained by Cemeteries and Crematoria NSW (CCNSW) in accordance with Section 27 of the *Cemeteries and Crematoria Act 2013*. This document is an extract of the Register as at 4 March 2015. This document will be updated periodically and made available online for use by the community and industry.

To establish the Register, CCNSW has collected data from all Crown, local government and private operators in NSW. Collection of data from community sector operators commenced in 2015. Note that the vast majority of cemeteries in the community sector, such as churchyard cemeteries, are closed.

This register expands and replaces the former register of crematoria maintained by NSW Health under repealed provisions of the *Public Health Regulation 2012*. Note that a Register of Mortuaries continues to be maintained by the Department of Health and may be accessed at <http://www.health.nsw.gov.au/environment/dotd/Documents/mortuary-register.pdf>.

All cemetery and crematoria operators, including those on existing registers, are required to provide details of their cemetery and crematorium facilities to CCNSW. A cemetery/crematorium operator is the person or body for the time being responsible for the management of the cemetery or crematorium. For a Crown cemetery or crematorium, the operator is the person or body that manages the relevant Crown cemetery trust. For cemeteries or crematoria administered under section 48 of the *Local Government Act 1993*, the relevant local council is the operator.

The *Cemeteries and Crematoria Act 2013* requires operators to notify CCNSW of any material change in their registered information within 14 days after the change occurs.

The Register is open for public inspection. Available information includes the name, location and sector of each cemetery and crematorium and the name, address and telephone number of the operator of each cemetery and crematorium. Information in the Register is compiled from returns provided by operators.

Extract of the Cemeteries and Crematoria Register - additional information

Other NSW cemetery information resources

Information on Aboriginal cemeteries, heritage cemeteries and private burial grounds of cultural significance is maintained by the Office of Environment and Heritage at <http://www.environment.nsw.gov.au/nswcultureheritage/index.htm>.

Many NSW cemeteries and crematoria are operated by members of the Australasian Cemeteries & Crematoria Association. Information about the association is available at <http://accaweb.com.au/>.

A community resource identifying many closed cemeteries and private burial places in NSW is the Australian Cemeteries Index, available at <http://austcemindex.com/>.

If you are unable to find a cemetery on the Register which you consider should be listed, please contact us at ccnsw.register@cemeteries.nsw.gov.au.

How to update the Register

A form for providing updates or additions to the Register can be provided on request. Please contact ccnsw.register@cemeteries.nsw.gov.au for a copy of the form.
