

Application for NSW Driller's Licence

Application under Section 118A (3A) of the Water Act 1912

SECTION A: Applicant details

Title (Mr, Mrs, Ms)	Surname	Given name(s)	
Address			
Town			State
Postal address		State	Postcode
Date of birth	Phone	Alternate phone	
Email		Fax	

SECTION B: Employer or trading company name – or as above

Company name			
Address			
Town		State	Postcode
Phone	Alternate phone		Fax
Email		ACN (if applicable)	

SECTION C: Other State driller's licences

Do you hold a driller's licence from a State other than NSW? No Yes – Provide details below

State	Class	Licence no.	Expiry date

SECTION D: Class of licence being applied for

Are you applying for: New NSW Driller's Licence, or Change to current NSW Driller's Licence (including class and endorsements). Provide details:

Current licence class: _____ Current licence number _____

Tick appropriate box	NSW licence class	NSW licence class description
<input type="checkbox"/>	1	Licence that allows construction of water level and water quality monitoring bores.
<input type="checkbox"/>	2	Licence that allows construction of sub-artesian stock and domestic supply bores up to 152 mm nominal bore casing.
<input type="checkbox"/>	3	Licence that allows the activities of a class 2 licence and also allows the construction of sub-artesian, screened and developed bores (with open hole, slotted casing or screen completion methods, including the use of a formation stabiliser, but not including gravel filter envelope completion techniques).
<input type="checkbox"/>	4	Licence that allows activities of a class 3 licence and also allows the use of gravel filter envelope completion techniques.
<input type="checkbox"/>	5	Licence that allows activities of a class 2 licence and also allows the construction of flowing and non-flowing bores that penetrate the sandstone aquifers of the Great Artesian Basin and the construction of flowing bores elsewhere in NSW.
<input type="checkbox"/>	6	Licence that allows activities of both a class 4 licence and a class 5 licence.

SECTION E: Type of endorsement applied for *

- Auger
 Jetting
 Cable tool
 Rotary air
 Rotary mud
 Other methods (Please specify) _____

* **Note:** Change of class or endorsement additions to your current driller's licence will require a fee of \$150.00

SECTION F: Statement of equipment capability

Describe the drilling equipment you currently use. Attach extra pages if necessary.

Drilling equipment	Make	Model	Type	Capacity
Drilling rig				
Mud pump				
Air compressor				
Pump test unit				

SECTION G: Qualifications and training of applicant

- Completed relevant Australian Drilling Industry Training Committee (ADITC) module – please attach proof of completion
 ADITC screens and gravel pack course – please attach proof of completion
 Completed NSW Module A – please attach proof of completion
 Interstate driller's licence – please attach proof of completion
 Other – provide details of other qualifications (attach proof of completion) or training information relevant to this application.
- _____
- _____
- _____

SECTION H: Statement of experience

The following table refers to the bores constructed in the last three years.

Constructed by me as a licensed driller in:	Number of bores drilled				
	Class 1*	Class 2*	Class 3*	Class 4*	Class 5*
• New South Wales					
• Elsewhere					
Upon which I worked as an assistant to a licensed driller in:					
• New South Wales					
• Elsewhere					

* See licence class descriptions on page 1 of this form

New drillers who cannot provide evidence of previous drilling experience (Form A – Particulars of completed work) will need to provide a reference (on company letterhead) from a licensed driller that shows that you have been supervised in drilling works including drill rigs and endorsements.

Please supply summary details of the bores you have constructed or worked on in NSW or elsewhere in the last three years. Attach copies of at least six of the 'Form A – Particulars of completed work' or interstate completion reports (bore log) for these bores.

Landholders name and address	Bore licence number	Type of bore* <small>See note below</small>	Diameter of casing (mm)	Supply obtained (litres/sec)

- * For type of bore drilled
- Enter 1 for Water level and water quality monitoring
 - Enter 2 for Stock and domestic
 - Enter 3 for High yield bores
 - Enter 4 for High yield bores incorporating gravel filter envelope
 - Enter 5 for Artesian

SECTION I: Other information relevant to this application

SECTION J: Declaration

- I have read Sections 112 and 118A (1) to (7) of the *Water Act 1912*.
- I understand it is my responsibility to only drill bores which have a valid licence or approval from the NSW Office of Water.
- All bores I have constructed under my current licence have been approved by the relevant authority and been constructed under my class and endorsement/s restrictions.
- I have read the question and answer document on compliance powers, offences and penalties available on NSW Office of Water website at www.water.nsw.gov.au.
- I understand that I will be licensed for a period of **three years only** from the date of issue of this licence and I must be on site for all drilling operations. I acknowledge that if I wish to continue to be licensed, I am required to reapply for a NSW Driller's Licence **before** my licence has expired.

Signature of applicant

Made and subscribed at _____ this _____ day of _____

two thousand and _____, before me:

Name of witness – Justice of the Peace, Notary, Public or Commissioner for Affidavits

Signature of witness
