Privacy statement

Moreton Bay Regional Council is collecting the personal information contained within this indemnity for the purpose of indemnifying council for approvals granted under a Moreton Bay Regional Council Local Law. The collection of this information is authorised under the Local Government Act 2009. Your information will not be given to any other person or agency unless you have given us permission or we are required by law.

All approvals will be subject to the following conditions:

- The applicant must indemnify the local government against any public liability injury and property claims arising from the works.
- The applicant must acquire and maintain public liability insurance to the value of \$20,000,000 with council noted as an interested party.
- The applicant must agree to pay all expenses incurred in the reinstatement to the local governments standards, any damage caused to the road, local government controlled area, public infrastructure or public services as a result of the activities associated with the work, whether by their own operations or those of their sub-contractors, agents, manufacturers, cartage contractors or other delivering or removing any materials to or from the site.
- The approval holder must comply with the approved dates and times stated in the approval.
- The goods and materials must only be deposited in the location stated on the approval.
- The material must be neatly stacked or piled and equipment positioned to take up as little area as possible.
- The approval or copy must be available upon request of an authorised local government person.
- The applicant/approval holder or the applicant's/ approval holder's agent or contractor must comply with any notice of the local government or its authorised person.
- The deposited/stored goods/materials must not unduly obstruct or prejudice the safety of pedestrian or vehicular traffic.
- The sharp or dangerous protrusions on equipment must be covered and clearly signed to prevent injury.
- If the approved works will completely obstruct the footway and require pedestrians to take an alternate path, adequate signage, safety barriers and redirection measures must be put in place in accordance with the *Manual for Uniform Traffic Control Devices*.
- Minimum access of 1.8 metres is required for low pedestrian traffic areas and 2.5 metres required for high traffic areas.
- If the equipment or materials are located near a public utility such as a phone booth or bus stop people must not be restricted from accessing the public utility.
- All roads, footways and local government areas must be made safe at the end of each working day to allow for the safe use and movement of vehicles and pedestrians.
- Any vehicles associated with the approved works must park lawfully and in accordance with the *Transport Operation (Road Use Management) Regulation 2009*.
- The deposited/stored goods/materials must not prejudice the proper maintenance of the local government road or area.
- If materials such as soil, fertiliser, bark or sand are being deposited near a stormwater drain, swale or water course, the drain must be covered with a geotextile material and a containment barrier installed around the material.
- The placement of equipment must not encourage soil erosion or damage grass or trees.
- The local government road or area must be cleaned and restored to its original condition before the expiry of the approval.
