**\* Cat Care Agreement regulations as required by the Cat Management Act 2009**

As a purchaser of a cat in Tasmania, your responsibilities under the *Cat Management Act 2009* are:

*If there is a care agreement in respect of a cat, the purchaser must ensure that the care agreement is fully complied with by the later of the following:*

*(a) the ninetieth day after the day on which the cat was sold;*

*(b) the thirtieth day after –*

*(i) if the care agreement relates to microchipping the cat, the day on which the cat meets a microchip implanter's requirements for microchipping; or*

*(ii) if the care agreement relates to desexing the cat, the day on which the cat meets a veterinary surgeon's requirements for desexing.*

Both parties to the sale of a cat must keep a copy of a care agreement in respect of that cat until the agreement is fully complied with.
