APPLICATION TO REGISTER A PRIVATE FISHERY Under Section 69 and 76 of the Inland Fisheries Act 1995

1. Applicant Details <i>(please print using capitals)</i>	
Name (1)	
Address	
Name (2)	
Address	
Company/Business name	
Postal Address	
ACN/ABN	
Telephone/Mobile	
Fax	
Email Address	
2. Site Information	
2.1 Is the proposed site to be located on land that is: <input type="checkbox"/> Leasehold <input type="checkbox"/> Freehold <input type="checkbox"/> Crown	
2.2 Have you legal tenure of the site? <input type="checkbox"/> Yes <input type="checkbox"/> No <i>(If Yes, attach proof of tenure documents)</i>	
2.3 Describe the location of the site including the following specifications	
Title Number	
Lot Number	
Street	
Suburb/Town/Locality	
Municipality	
Zoning	
Current Land Use	
2.4 Locality information <i>(Attach a 1:25,000 Tasmapi series map of the locality and accurately indicate the following)</i>	
<ul style="list-style-type: none"> • Proposed site and area of development • Boundaries of property over which applicant has legal tenure • Council zoning within 1 km radius of site 	
2.5 What is the area (hectares) of the proposed site?	
2.6 What is the maximum area to be developed?	
2.7 What facilities are available for use on the proposed site? <i>(Please state what these facilities will be used for)</i>	

2.8 What facilities do you intend to construct? (Please tick one or more boxes)			
<input type="checkbox"/>	Grow-out tanks/ponds/dams	<input type="checkbox"/>	Storage
<input type="checkbox"/>	Fish-out ponds/dams	<input type="checkbox"/>	Tourist amenities
<input type="checkbox"/>	Fish-out tanks	<input type="checkbox"/>	Other (please specify)
<input type="checkbox"/>	Laboratory/Office		
2.9 Briefly describe all site preparation activities (Include details on clearing/excavation of land, drainage, vegetation, etc.)			
2.10 Have you consulted with relevant Government authorities in relation to proposed site preparation? <input type="checkbox"/> Yes <input type="checkbox"/> No (If Yes, attach any supporting documentation)			
2.11 Attach a site plan (1:1000) which accurately depicts the following: <ul style="list-style-type: none"> Existing and proposed structures and facilities Access routes and parking areas proposed modifications to topography (eg excavation) existing vegetation to be cleared proximity of proposed development to natural waterways and to adjoining residences/properties point source of water supply existing and proposed structures and facilities access routes and parking areas effluent discharge sites the 1:100 year flood zone 			
2.12 What is the proposed timeframe for development of the site? If the development is to be completed in stages, define these stages together with the timing of each.			
2.13 Have you received in-principle support from local council for the proposed development? <input type="checkbox"/> Yes <input type="checkbox"/> No (If Yes, attach details and/or documentation)			
2.14 Has technical/professional advice been obtained in relation to site selection, pond design, fish husbandry, business planning, etc? <input type="checkbox"/> Yes <input type="checkbox"/> No (If Yes, please provide names, addresses and contact numbers of consultants)			
2.15 What management practices will be implemented to minimise impacts on the environment (eg erosion prevention, pollution control and flood mitigation)?			
3. Fishery Design, Water Supply and Effluent Disposal			
3.1 What water source will be used?			
<input type="checkbox"/>	Surface water supply (Specify name of river, creek):	<input type="checkbox"/>	Storage dams
<input type="checkbox"/>	Aquifer (bore)	<input type="checkbox"/>	Other (please specify):
3.2 What is the volume of water required?		ML/Day	
3.3 Has water availability been discussed with the relevant water supply authority? <input type="checkbox"/> Yes <input type="checkbox"/> No (If Yes, attach details and/or documentation)			

<p>3.4 Is a Commissioned Water Right (CWR) required for the proposal? <input type="checkbox"/> Yes <input type="checkbox"/> No <i>(If Yes, attach details and/or documentation)</i></p>
<p>3.5 Is there an existing CWR to the property? <input type="checkbox"/> Yes <input type="checkbox"/> No <i>(If Yes, attach a copy with the application)</i> What volume of water? _____ML/Day_____ML/Annum If not, have you applied for a CWR? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>
<p>3.6 Will the fishery be based on either <input type="checkbox"/> Fish-out tanks <input type="checkbox"/> Fish-out ponds or <input type="checkbox"/> both?</p>
<p>3.7 Describe the ponds/dams to be constructed including the following:</p> <ul style="list-style-type: none"> • Number of ponds/dams • Dimensions • Wall height • Volume
<p>3.8 Will ponds/dams be constructed across/within natural drainage systems and/or waterways? <input type="checkbox"/> Yes <input type="checkbox"/> No <i>(If Yes, please provide further details)</i></p>
<p>3.9 What provisions will be incorporated into the design to ensure the natural migrations of fish will not be interfered with? <i>(Please provide details)</i></p>
<p>3.10 Where dams are to be constructed, have you consulted with Water Resources, DPIPW? <i>(If Yes, please provide further details including a copy of the permit if required)</i></p>
<p>3.11 Describe details about the tanks to be installed including the following details:</p> <ul style="list-style-type: none"> • Number of ponds/dams • Dimensions • Volume • Construction material
<p>3.12 Attach a detailed plan of the fishery depicting:</p> <ul style="list-style-type: none"> • Growout waters (tanks/ponds/dams), number, dimensions, layout • Fishout waters (tanks/ponds/dams), number, dimensions, layout • Water supply and drainage lines
<p>3.13 Provide details on drainage and overflow mechanisms.</p>

3.14 Provide details on the proposed effluent treatment system, including details on mechanical and biological filtration.

3.15 What is the project maximum daily effluent discharge?

ML/Day

3.16 Indicate method of effluent disposal

<input type="checkbox"/>	Into natural waterways, specify river
<input type="checkbox"/>	For re-use (eg irrigation) specify
<input type="checkbox"/>	Other (<i>Please specify</i>)

3.17 What is the projected effluent load (in terms of organic and inorganic) pre and post treatment?

Effluent	Pre-treatment	Post treatment
BOD (mg/l)		
NFR (mg/l)		
Faecal coliforms/100ml		
Nitrite/Nitrate (mg/l)		
Ammonia (mg/l)		
Phosphorous (mg/l)		

4. Fishery and Fish Management

4.1 Give a brief description of the nature and purpose of the proposed fishery.

4.2 What species of fish will be stocked in the fishery (*Please provide both common and scientific names*).

Common name	Scientific name

4.3 Where will stock be obtained? (*Indicate source and the supplier of each species to be cultured*).

Species	Source	Size	Quantity/Year

4.4 What other fish are present?
4.5 Will spawning channels be incorporated into the fishery? <i>(If so, provide details. Note: Stripping and breeding of fish is a prohibited activity in a private fishery.)</i>
4.6 Describe methods for containment of stocked fish within the system. <i>(Include details on design and construction such as dimensions, materials, aperture of screens/barriers and siting of screens/barriers).</i>
4.7 Will fish stocks be artificially fed? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, Provide details on type of feed, daily feeding rates (% per kg of fish), feeding periodicity, etc.
4.8 Describe how fish will be transferred between waters within the fishery.
4.9 Describe disease monitoring procedures that will be used in the fishery.
4.10 List all chemicals that are likely to be used and their purpose.
4.11 How will chemically contaminated waters be treated and disposed of? Explain in detail.

5. Declaration

I/we hereby declare that all information provided in this application is true and correct.
I understand fully the regulations pertaining to the activity to which this permit applies.
